Hi Lily,

Hope you had a nice weekend! Just came back from a short vacation, so I'm still playing catch up with my inbox.

We've shared the latest Inside EPA response with Bill Franklin. I can go ahead and send it out to the rest of the group as well. Bill also shared with us their latest statement (posted on their website), which he referred Suzanne Yohannan (the same Inside EPA reporter) to. I'm attaching that exchange. Bill has been pretty good at sharing press responses, but I will remind everyone else to please do so as well.

I am also attaching a Navy response to Liz Wagner, from back in March, in case you hadn't seen that one. As you know, it's been kind of quiet on the press front (yay!), so I don't have much else to share from this year. I'll Cc' you if I get any other partner agency responses.

Thank you!

Dear Soledad,

I hope you are well! I was wondering if you have been continuing our past practice of sending our press responses to other relevant agency communications contacts (e.g. Bill Franklin, Dale Schornack, Rachael Kagan, Juanita Bacey, Derek Robinson, Kasheica McKinney, Amy Brownell)? We may also want to remind all of them that we would appreciate if they could send us their press responses too. Could you cc me so I can be aware in case I need that info for anything I'm working on? Thanks!

- Lily
